CSI Unlimited Learning Membership

£139 per month

Who can subscribe

Available only to active members of both GCSB and CSI who are publicly listed in the GCSB Public Register. Check your current membership and listing before subscribing.

Included programmes

New subscriptions include CSCE and CSP self-study programmes, study materials and examinations, with two examination attempts per certification. CSL, CCSO and PGDCSL assessment by GCSB is not included. Additional CSI examination attempts cost €50 each. Existing subscriptions retain their agreed terms; this revised offer does not change an existing subscriber's contract.

Self-paced learning with study guides, learning materials and course resources for CSCE and CSP. Individual programme entry requirements and assessments still apply. GCSB assessment for CSL, CCSO and PGDCSL is separate and outside this offer.

GCSB certifies - CSI trains

CSI delivers the learning programmes; GCSB is an independent certification and awarding body, not a training provider. This learning subscription does not confer or renew GCSB or CSI professional membership, a Trustmark Award or a governance appointment.

Billing, cancellation & offer terms

Monthly billing and cancellation

£139 is charged each month until you cancel. Cancel through Stripe using the email address used at checkout. Cancellation takes effect at the end of your current paid monthly billing period, not the calendar month: access continues until that date and the next period will not renew. Stripe shows your exact end date. Cancelling renewal does not itself trigger a prorated refund for the current period.

Manage or cancel your subscription in Stripe

Programme conditions

Each programme's entry requirements, assessment rules and pass criteria still apply. Payment does not guarantee certification, completion within one month, employment or a particular saving. Total subscription cost is £139 multiplied by the number of paid months; extra examination attempts are charged separately in euros.

Checkout and support

Review the seller identity, total payable amount, tax treatment and applicable terms displayed at Stripe checkout before paying. For learning access or programme questions, contact CSI through its training centre; use Stripe billing management for renewal cancellation and payment details.

Consumer cancellation and refund rights

Your statutory consumer rights are unaffected. Where applicable, UK distance-contract cancellation rights may include a 14-day cooling-off period. Starting services early may affect the amount payable; loss of the digital-content cancellation right requires express consent and acknowledgement. Renewal cancellation is separate from any statutory cancellation or refund right. Contact the seller identified at checkout about these rights or a refund request.

Ordinary renewal cancellation and a statutory cooling-off request are different actions. Do not rely on cancelling renewal alone to submit a statutory cancellation or refund request. Keep the confirmation of your cancellation and the paid-period end date shown by Stripe.
